

Module Action Plan

Achievements Plan targeted for the end of Research Methods and Professional Practice.

What do I want/need to learn? Provide a specific description of the desired changes (e.g., skills to gain, knowledge to acquire, topics/themes/content to cover)	What do I have to do to achieve this? Some examples, a new/ongoing course, conference, self-development (like wider research or reading), coaching/mentoring, job shadowing	What resources or support will I need? Some examples, teaching staff support, library support, student advisor support, line manager, etc.	How will I measure success? Some examples, appraisals, course assessments, team feedback, tutor feedback	Target dates for review and completion Note that these need to be realistic/achievable
What is a literature review	<ul style="list-style-type: none">• Research information provided by e-book content• Look at wider field for experience from other researchers	<ul style="list-style-type: none">• Online libraries• Module unit reading	<ul style="list-style-type: none">• Successfully deliver a required literature review for this module	01-Aug-2022
Gain an understanding of what is a research proposal	<ul style="list-style-type: none">• Read each unit's reading material related to research methods.• Reach out to tutor when further elaboration is required	<ul style="list-style-type: none">• Online libraries• Journals• Module unit reading• YouTube	<ul style="list-style-type: none">• Obtain a minimum pass mark for submitted research proposal	22-Aug-2022
